

Late Shri Roshan Lal Sharma

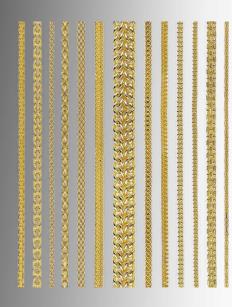

(Founder of Roshan Machine Tools)

Established in 1992, Roshan Machine Tools is an eminent leader in manufacturing and supplying an extensive range of high quality Automatic Gold Jewellery Laser Chain Making Machines. These products are acknowledged for their excellent robustness, sturdy construction, energy efficiency. We offer a wide range of these highperformance machines including fine quality Joint Laser Chain Machine (RMT-JLM-001), Joint KDM Chain Machine (RMT-JKM-002), Automatic Figaro L/S, Cable, Curb, Left Right Curb Chain Making Machine (RMT-FGM-011), Automatic Cable, Curb Left Right Curb Chain Making Machine (RMT-LRCA-003), Automatic High Speed Venetian Chain Making Machine (RMT-HVM-012) and Automatic Venetian Chain Making Machine (RMT-AVM-010). These Machines are specially designed by our qualified professionals to other our clients high performance innovative machines for every procedure involved in the manufacturing process gold jewellery chain. We exports our chain machines in all over the World. Working under the four generation experience leadership of the talented team of Mr. R.P. Sharma and Mr. A.K. Sharma and Mr. P.K. Sharma we have achieved new levels of success. Their exceptional guidance and extensive knowledge all benefits the company in increasing its productivity of a wide gamut of innovative products.

JOINT LASER CHAIN MACHINE RMT-JLM-001

Joint Laser Chain Machine
Model: RMT-JLM-001

Max Width of Finished Chain: 14 mm

• Max Height of Finished Chain: 4 mm

Max Pitch: 15 mm

• Production Speed: 600 welds/min

Lubrication: Manual Pump

• Pneumatic Supply: 5 / 6 Bars

Power Supply: 230V, 50/60 Hz, 1

Phase

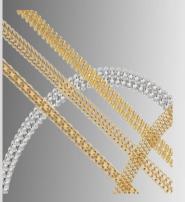

Power Absorption: 150 VA

Air Consumption: 15 I/min

Machine Dimension: 98 × 56 × 156 cm

• Net Weight: 110 Kg

Hollow Chain Joint KDM Machine Model: RMT-JKM-002

· Max Width of Finished Chain: 14 mm

• Max Height of Finished Chain: 4 mm

Max Pitch with Pusher: 15 mm

• Production Speed: 120/min

Lubrication: Manual Pump

Pneumatic Supply: 5 / 6 Bars

Power Supply: 230V, 50/60 Hz, 1 Phase

Power Absorption: 0.15 kWAir Consumption: 15 l/min

• Gas Generator: KDM Gas Generator

Machine Dimension: 98 × 56 × 156 cm

Net Weight: 95 Kg

Automatic High-Speed Venetian Chain Making Machine Model: RMT-HVM-012

• Box Chain Size: 0.20 mm to 1.00 mm

• Production: 350-500 links/min

Power Supply: 0.50 HP / 0.25 kW – 1 Phase

Lubrication: Yes / Automatic

Stop Sensor: Automatic

Raw Material: D2 Steel and M2

Machine Dimension: 50 x 53 x 134 cm

Net Weight: 85 Kg

Automatic Venetian Chain Making Machine Model: RMT-AVM-010

Chain Size: 0.25 mm to 0.85 mm
Production: 150–250 links/min

Power Supply: 0.50 HP / 0.56 kW – 1
 Phase

Lubrication: Yes / Automatic

Stop Sensor: Automatic

Raw Material: D2 Steel and M2

Machine Dimension: 45 × 50 × 134 cm

• Net Weight: 130 Kg

Automatic Figaro L/S, Cable, Curb, Left-Right Curb Chain Making Machine Model: RMT-FGM-011

Machine is electronically Programmed & Controlled through PLC

Chain Size: 0.5 mm to 2.5 mmProduction: 100–140 RPM

Machine Compatible with Hollow Device (Optional)

Power Supply: 3 kW / Single Phase

Lubrication: Yes / AutomaticStop Sensor: Automatic

Raw Material: D2 Steel and M2

Machine Dimension: 82 × 100 × 150 cm

Net Weight: 470 Kg

Automatic Cable, Curb, Left-Right Curb Chain Making Machine (GUF-TOP CUT) Model: RMT-LRCA-003

- · Machine is electronically Programmed & Controlled through PLC
- Chain Size: 0.20 mm to 0.80 mm
- Production: 250-350 links/min
- Machine Compatible with Hollow Device (Optional)
- Machine Compatible with Laser \(\noting (Optional) \)
- Power Supply: 0.50 HP / 0.56 kW 1 Phase
- · Lubrication: Yes / Automatic
- · Stop Sensor: Automatic
- Machine Dimension: 45 × 50 × 134 cm

LEFT RIGHT CURB CHAIN MAKING TOP CUT) - RMT-ACM-005 AUTOMATIC CABLE, CURB MACHINE (NORMA

Automatic Cable, Curb, Left Right Curb **Chain Making Machine (Normal Top Cut)** Model: RMT-ACM-005

Chain Size: 0.20 mm to 0.80 mm

Production: 350 links/min

Machine Compatible with Hollow Device (Optional)

Machine Compatible with Laser ₹ (Optional)

Power Supply: 0.50 HP / 0.56 kW - 1 Phase

Lubrication: Yes / Automatic

Stop Sensor: Automatic

Raw Material: D2 Steel and M2

Machine Dimension: 45 × 50 × 134 cm

Net Weight: 130 Kg

Hollow Chain Device RMT-HLD-006

- Designed for orientation of crimped hollow wires in goldsmith machinery
- Wire diameter compatibility: 0.25 mm to 3.00 mm
- Manual wire loading on special reels when machine is stopped
- Automatic continuous rotation for precise wire orientation during production
- Optical fiber sensor with manual sensitivity adjustment via trimmer
- No component change required when switching wire sizes
- Pre-configured electrical and mechanical interface for chain machines
- Compatible with alternating Figaro chain machines
